- 1.6m - 64"
- 2.1m - 84"
- 2.6m - 104"
- 3.1m - 124"

The innovative design of the Keencut Simplex offers exact accuracy for general purpose cutting of wide format materials up to 3.1 metres in width. The Simplex carries a straightness guarantee of 1.00mm or 1:3000 over the entire length and is an economical alternative to the Javelin when less extreme accuracy is required.

The Simplex is ideal for cutting PVC foamboard, vinyl, woven fabrics, foam centred board, honeycomb and corrugated plastics, film, paper, tissue and many more flexible and rigid materials.
